A PASSION FOR MEAT

Beef is one of the most important and valued kinds of meat providing an intense culinary experience in every kitchen around the world.

Symrise decoded the secrets of beef from the kitchens of the world.
With its global competence inspiring beef™, Symrise has a long history of expert knowledge.

A winning collection of natural and non-natural beef solutions has been developed from the insights of chefs from around the world combined with consumer understanding and technological know-how.

The range of applications is broad – from bouillons, soups, sauces, ready meals, processed meat to meat analogues.

Supported by a deep understanding of complementary solutions such as herbs, spices and vegetables, Symrise focused on authentic, unique and relevant culinary creations for consumers.

The inspiring beef™ range also complies with regulatory and religious requirements in all key regions.
