VEGETABLE OILS AND FATS

INTRODUCTION

Quality and professionalism are part of our daily business. Our many years of experience in the vegetable oils and fats business make us your competent partner.

We can offer a wide range of vegetable oils and fats in conventional and organic quality and have a large selection of oils and fats in stock for you.

EXISTING CERTIFICATIONS

Th. Geyer Ingredients GmbH & Co. KG Norderstedt

- IFS Food
- IFS Broker
- Organic
- RSPO
- Kosher

We are particularly proud of our unique omega-3 oils and 3-seed oils, which are produced using a special process. The omega-3 oil is characterised by its unique, mild flavour, which is created from our premium linseed oil using a special process. It is ideal for optimising the fatty acid composition of foods. The 3-seed oil is a mixture of rapeseed, sunflower and omega-3 oil.

OUR CONVENTIONAL OILS & FATS IN STOCK

SERVICE OPTIONS

MIXING, FILLING, PACKAGING

In addition to our standard portfolio of oils and packaging materials, we are also flexible to work with you to develop additional options.

Whether you want to put your oil in a specific packaging, need a specific bottle or cap, want a tamper-evident cap or an additional flavour inside - let us know and we'll work something out together!

OUR SERVICE OPTIONS

- filling in all standard packaging (e.g. glass or plastic bottles, cans or plastic canisters) and sizes (50 ml - 30 l)
- closures with all standard closure types and colours
- labelling including printing and design support
- individual packaging options
- mixing and blending of different oils, addition of flavours or your own favourite ingredients

STANDARD PACKAGING OPTIONS - OILS

Glas bottle

250 ml and 500 ml*

* only possible at the
Th. Geyer Ingredients site

Canister

5 kg and 10 kg and 25 kg

IBC Container

920 kg

For glass bottles, the cap is black, green and gold. It is possible to order your own label or a Th. Geyer label at. The glass bottles are packed in cardboard boxes of 6 x 500 ml or 12 x 250 ml.
