

LEGIONELLA ANALYSIS

PRECISE, SAFE, VALIDATED, COMPLIANT WITH STANDARDS

BIOSOLUTE® ready-to-use media for *Legionella* analysis are high-quality, culture media for the precise detection and quantification of *Legionella* in accordance with the ISO 11731:2017 standard. The media offer consistent quality and high selectivity. They provide optimal conditions for testing using both the spread method and the membrane filtration method. All Legionella ready-to-use plates for use in membrane filtration are validated together with the corresponding filter batch type 130H6Z-47 (for membrane dispensers) from Sartorius.

Th. Geyer – We know lab

As a family business, we have been there for our customers for more than 130 years to support them in their demanding tasks in analytics, research and science.

Laboratories in industry, clinics, universities and colleges as well as private and public research institutions rely on our experience and ISO-certified quality when purchasing their laboratory supplies: from personal support to fast, secure delivery and important services, we reliably cover everything needed for complete laboratory equipment as a partner.

Th. Geyer Brands

Our Th. Geyer brand trio BIOSOLUTE®, LABSOLUTE® and CHEMSOLUTE® offers you attractive alternatives when it comes to life science products, consumables and laboratory chemicals.

BIOSOLUTE®

Products from microbiology, molecular biology, cell culture and histology specially tailored to your requirements in the life science laboratory.

Better orientation and easier selection for you in our constantly growing life science range. You can order all of these conveniently in our **webshop**.
