

FOOD ANALYSIS

YOUR LABORATORY FOR MILK PROCESSING

TOP PRODUCTS FOR YOU

TH.GEYER
SUPPLYING YOUR IDEAS

A COMPREHENSIVE SUPPLY SOLUTION FOR THE HIGHEST STANDARDS

Consumer safety is of paramount importance. This is why food analysis is so crucial. This applies to you in all areas of milk processing, as any contamination poses specific risks. Strict standards and regulations therefore apply throughout the entire production process. Your laboratory plays a key role in this through analysis and microbiological testing. You should therefore equip it perfectly, from the equipment to the consumables, and rely on the comprehensive supply from Th. Geyer.

We reliably supply you with products from leading manufacturers and brands tailored to your individual requirements, including our brand trio: BIOSOLUTE®, CHEMSOLUTE® and LABSOLUTE®. Our solutions for optimal laboratory procurement range from e-procurement and personal support to comprehensive services that go beyond your order. We know lab – and, incidentally, through our second major business union, Th. Geyer Ingredients, we possess further expertise from which you, as a dairy processing business, can benefit.

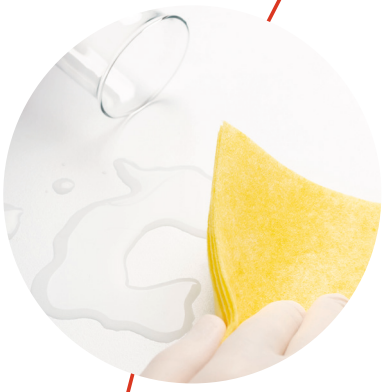

CONSUMABLES

- Bags and films
- Filter papers and membranes
- Measuring pipettes and cylinders
- Laboratory bottles and glassware
- Pipette tips
- Sampling
- Vials & Caps

LABORATORY ANALYSIS

- Biochemicals
- Chemicals and reagents
- Calibration solutions
- Solvents
- pH papers and buffer solutions
- Test strips and cuvette tests
- Volumetric solutions and standards

CLEANING AND HYGIENE

- Waste disposal bags
- Hygiene testing
- Airborne bacteria sampling
- Cleaning products
- Personal protective equipment and gloves

MICROBIOLOGY

- Ready-to-use culture media
- Dip slides
- Dry culture media
- Media components
- Suction strips
- Cultivation
- Culture tubes
- Microscopes and accessories
- Petri dishes

LABORATORY EQUIPMENT

- Incubators
- Refrigerators
- Magnetic stirrers
- Photometers
- Pipettes
- Temperature monitoring
- Balances
- Centrifuges

EVERTHING FROM ONE SOURCE TO MEET YOUR NEEDS
